#### During this training coaches will learn:

- Current Technical Skills
- How to Analyze Technical and Tactical Performance
- Performance Planning
- Program Management
- Advanced Strategy
- Advanced Practice Planning
- Prevention and Recovery (Integrated Multisport Module)
- Developing Athletic Abilities (Integrated Multisport Module)

Program will take approximately 14 months to complete, as it requires writing, implementing, executing and debriefing an annual plan. In addition to the annual plan portfolio, two observation evaluations (a practice and a competitive environment) must be completed. Coaches will need to complete the Competition Development Make Ethical Decision Online Evaluation, and will need to complete the **four** remaining Competition development multisport modules – Managing Conflict, Coaching and Leading Effectively, Psychology of Performance, Leading Drug Free Sport.
