

Idylwyld Golf & Country Club

Job Description

Position: Assistant Ice Technician

Department: Curling

Job Type: Part time (September to April)

Salary: \$16.00/hour

Reports to: Curling Manager/General Manager

Position Summary

The Assistant Ice Technician is responsible for supporting the Head Ice Technician in the installation and maintenance of the ice surface. They will work closely with the Head Ice Technician as well as the Curling Manager and General Manager to ensure that we offer an exceptional and consistent ice surface. We have 5 sheets of ice and more than 300 members who we offer day and night leagues to. On occasion, we also host bonspiels and event rentals to outside organizations and individuals. At the Idylwyld, we strive for excellence in every aspect of our club and the ice surface is no exception.

Duties and Responsibilities

- Ice installation
 - o Following the instruction of the Head Ice technician and assisting in whatever he may need to complete installation
- Ice maintenance
 - o Preparing the ice before leagues, practice sessions or bonspiels and providing maintenance, where possible, between draws or session
 - Will prepare ice independently, primarily in the mornings or whenever the Head Ice Technician is unavailable

Requirements

The Idylwyld Golf & Country Club is looking for a candidate with some or all of the below attributes. Where a candidate does not currently hold that accreditation, a willingness to obtain with a reasonable time frame is acceptable.

- Methods of communication including computer and/or cellphone
- Ability to work mornings, evenings, and weekends as necessary
- Level 1 Ice Technician certificate
- First Aid/AED Certificate
- Vulnerable Sector Check
